

Hello and thanks for checking us out!

rydz is an innovative, membership-based service that addresses one of parenting's greatest challenges: transporting our children. Families need a safe, dependable solution for transporting their children between home, school and activities. We provide a unique alternative for families who need to get their children wherever they need to go, whenever they need to go – reliably and safely.

We're building better drivers...

We designed rydz with our own kids in mind, which is why we're fanatical about safety. rydz drivers have passed rigorous background checks performed by our partner, Childcare Background Search. At rydz, we maintain a demanding code of conduct for our drivers and passengers.

We will build your family a team that includes a primary driver and two alternate drivers. You will receive a copy of their rydz ID badge which includes their name, picture, and vehicle information.

With the help of child safety experts and brilliant parents, we developed safety protocols that give parents peace of mind when they need a driver for their children. You can be confident that your children are in safe hands you can trust.
